3. The provisions concerning registration and enrolment are applicable to each enrolment and at every renewed enrolment.
4. Registration is done by fully and accurately filling out the applicable form on Studielink, choosing RADBOUD UNIVERSITY as the institute and stating the name of the degree programme for which you wish to enrol.

5. When registering, all requested documents must be submitted.

6. Registration will only be valid if all administrative requirements are met and the tuition and all fees have been paid.

**Article 3. Programme selection check**

1. As referred to in Article 7.31a WHW, a prospective student who wishes to enrol for the first time for the foundation year (propedeuse) of a Bachelor’s programme, must register by 1 May to obtain the right to a programme selection recommendation on the basis of the *Studiekeuzecheck* (programme selection check) regulation. This regulation is added to these regulations as appendix 2.

2. The enrolment procedure referred to in Article 2 paragraph 4 also covers the programme selection for eligible prospective students as defined in the *Studiekeuzecheck* regulation. This regulation is added to these regulations as appendix 2.

**Article 4. Relevant dates**

1. Notwithstanding Article 3, paragraph 1, registration with the purpose of enrolment as of 1 September is still possible until 31 August 2017. In derogation of the foregoing, for bachelor programmes with limited enrolment spaces as mentioned in Article 5.2 the terms apply as laid down in the regulations for selection and enrolment for bachelor programmes with a numerus fixus which forms part of these Regulations as appendix 1.

2. Enrolment after 30 September 2017, with the exception of bachelor programmes with a numerus fixus as mentioned in Article 5.2, is only possible if the relevant examination board provides a statement on request that they have no objection to a later enrolment and that integration into the programme is still possible.

3. Enrolment will begin at the start of the month following the month in which all enrolment criteria were met.

4. In instances in which, under the provisions of the EER, a student is enrolled in a degree programme beginning on 1 February, the student, contrary to the provisions in paragraph 2 of this Article, may also request to be enrolled after 1 September providing the request has been submitted via Studielink before 1 February.

**Article 5. Admission and eligibility**

1. For admission to a Bachelor’s degree programme at RU a student must meet the prior training requirements referred to in Articles 7.23a to 7.30 WHW, and the requirements specified in the relevant EER.
2. Notwithstanding the provisions in paragraph 3, prospective students who wish to be admitted to
the foundation year of one of the following degree programmes with a *numerus fixus* may only
enrol on the basis of a place offered by the Executive Board of Radboud University.

For the 2016-2017 academic year, this applies to the following degree programmes:
   a. Medicine;
   b. Dentistry;
   c. Biomedical Sciences;
   d. Psychology.

3. The regulations for selection and placement in the aforementioned bachelor programmes have
been laid down in the *Regulations on enrolment restrictions for selection and placement in
bachelor programmes* which forms part of these Regulations as appendix 1.

4. Prospective students seeking admission to a Master’s degree programme at RU must meet the
statutory requirements as stipulated in Articles 7.30b to 7.30e WHW, and meet the
requirements specified in the relevant EER.

**CHAPTER II ENROLMENT**

**Article 6. Admission on the basis of a foreign degree**

1. Admission on the basis of a degree issued outside the Netherlands as referred to in Article 7.28,
paragraph 2 WHW is only possible if the prospective student is in the possession of an
admission statement from the Executive Board. If the student enrols in a Dutch-taught
programme the student needs to demonstrate sufficient proficiency in Dutch to successfully
participate in the programme, in accordance with the procedure for admission on the basis of
foreign degrees. If the student enrols in an English-taught programme the student needs to
prove that he meets the English language requirements as these have been laid down in the
Education and Examination Regulation of the relevant education.

2. In order to be exempt from the language requirement for a Dutch-taught programme referred to
in paragraph 1 of this Article, the Executive Board has established a list of degrees or
certificates which prospective students must possess: This list has been included as an appendix
to these Regulations and will be posted on [http://www.ru.nl/currentstudents/](http://www.ru.nl/currentstudents/).

3. The examination board may choose to exempt holders of other degrees or certificates from the
requirement to demonstrate sufficient proficiency in Dutch. The student counsellor will offer a
recommendation regarding such an exemption.
**Article 7. Enrolment criteria**

1. Notwithstanding the provisions in Article 9, first-time enrolment at RU as a student or external student for a degree programme is open to those who meet the requirements of Article 7.32 WHW.

2. Enrolment is only permitted if:
   a. registration through Studielink has been completed, and
   b. tuition or examination fees are paid in a timely fashion, in accordance with the provisions in Chapter 3.

**Article 8. Pre-Master**

1. Under Article 7.57i WHW, students who wish to complete a pre-Master must submit a statement from the programme’s examination committee in which the extent and content of the programme is defined.

2. The fee payable is based on the number of ECTS credits of the programme, as defined in the statement and the fees referred to in Article 18.

3. The student may follow the specified pre-Master programme for two uninterrupted years before the fee becomes payable again. The starting academic year is the first year; the subsequent academic year is the second year.

4. The fee is collected during the first academic year via authorised direct debit in equal instalments.

5. Enrolment for the pre-Master is done for the full academic year. Terminating the enrolment can only be done on 1 March, if the termination request has been submitted before 1 March through Studielink. In such a case, payment of the remaining instalments referred to in paragraph 4 is no longer required.

6. If the examination committee indicates such in the statement, and notwithstanding the provisions of paragraph 3, the period of three years applies to students enrolled in a part-time pre-Master at the Faculty of Law.

7. The provisions of Articles 7, paragraph 2, 22, 25 and 28 apply to students enrolled in a pre-Master’s programme.

8. The provisions of Articles 23, 24, 26 and 27 do not apply to students enrolled in a pre-Master’s programme.

**Article 9. Binding Study Recommendations (BSA)**

1. If a student has received a BSA, first-time enrolment or renewed enrolment is not possible for the degree programme in question, nor is it possible for the Bachelor’s programmes indicated by the student counsellor, which fully or partially share the relevant foundation year (propedeuse), for a period of three academic years after this recommendation has been issued.

2. The provisions in the first paragraph of this Article are fully applicable for the duration of a possible objection or appeal procedure regarding a BSA or related decision.

CHAPTER VI OTHER TYPES OF ENROLMENT

Article 28. Enrolment as a minor student

   a) statement from the examination committee of the degree programme at RU that there is no objection to the student enrolling as a minor student; and
   b) BBC from the primary enrolment institution stating that the statutory tuition has been paid, provided this is a Dutch institute of higher education.
CHAPTER VIII     FINAL PROVISIONS

Article 30.   Implementation of the regulations
The Director of the Student Affairs Office is responsible for executing the provisions in these regulations on behalf of the Executive Board.

Article 31.   Hardship clause
In cases where unreasonable hardship arises in the application of these regulations, the Executive Board may deviate from these regulations if it is in the best interests of the student, notwithstanding the provisions in Article 7.48, paragraph 5 WHW. A motivated request to that effect must be submitted in writing.

Article 32.   Safety net clause
In all cases not covered fully or partially by these regulations, the decision lies with the Executive Board. In case of ambiguity or inconsistency arising between these regulations and the relevant legal provisions, on the basis of the WHW, the legal provisions take precedent.

Article 33.   Right of appeal clause
Decisions made under these regulations may be appealed to the Executive Board within six weeks.

Article 34.   Entry into force and period of validity
These regulations come into effect on 1 October 2016, subject to changes and concern regulations on registration, selection, placement and enrolment.

Agreed upon by the Executive Board on 26 September 2016
Appendix 1: Regulations on enrolment restrictions for selection and placement in bachelor programmes

ex art. 7.53, 3rd paragraph Higher Education and Research Act (Wet Hoger en Wetenschappelijk Onderwijs (WHW))

The Executive Board (cvb) adopts these regulations. The Director of the Student Affairs Department (Directeur Dienst Studentenzaken (DSZ)) is responsible for the implementation of these regulations and will take the relevant decisions on behalf of the Executive Board.

1. SELECTION

Shaping and implementing the selection criteria and selection procedure applicable to candidates for the bachelor programmes that have enrolment restrictions is based on article 7.53 WHW, the Regulations of the Ministry of Education, Culture and Sciences dated 8 November 2015 amending the Regulations application and admission higher education (Regeling aanmelding en toelating hoger onderwijs) in connection with the drawing of lots being abolished and article 5.2 of the Regulations Application and Registration 2017-2018 (Regeling Aanmelding en Inschrijving 2017-2018).

1. The dean will lay down the selection criteria and the selection procedure for the enrolment restrictions with respect to his bachelor programmes, thereby taking into consideration the interests of candidates from the public bodies Bonaire, Sint Eustatius and Saba and Aruba, and Curaçao and Sint Maarten respectively.

2. Furthermore, the dean will lay down per CROHO programme how many times a candidate can participate in the selection for that programme (one, two or three times). This will then be the institutional maximum.

3. Participation in a previous drawing of lots will be taken into account to determine the number of selection opportunities per candidate (per programme as well as per institute and on a national basis).

2. PARTICIPATION IN THE SELECTION

2.1 Verification of the candidate’s ID

If a candidate registers in Studielink, DigiD will be used to verify the candidate’s identity. Studielink will provide a central identity verification for these candidates. Candidates who are unable to use DigiD or for whom Studielink cannot provide a central identity verification, will see to it themselves that the Student Affairs Department (Dienst Studentenzaken (DZH)) can verify their identity by providing DZH with the required documents: preferably before 15 January 2017, however, ultimately on 31 January 2017. If DSZ cannot verify the candidate’s identity, the candidate will be excluded from the selection procedure and/or will not be offered a place as referred to in article 2.3.

Hardship clause registration deadline

Participation in the selection is conditional upon the candidate’s submitting, ultimately on 15 January 2017, an enrolment application, via Studielink, for the programme for which the restricted enrolment procedure applies. Notwithstanding this provision, the Director DSZ may decide, upon the candidate’s request, that the candidate who has submitted an enrolment application after 15 January 2015 will still be entitled to participate in the selection. The candidate will be held to submit the request for the hardship clause to be applied as soon as possible, and always before the commencement of the selection for the relevant programme, by means of the digital form made available to that purpose. The Director DSZ will decide to admit the candidate to the selection in the event:

a. the candidate demonstrates that he was unable to submit the application via Studielink in time, i.e. between 1 October 2016 an 15 January 2017, and;

b. the candidate submits the application as yet via Studielink after 15 January 2017. Since the deadline has elapsed, Studielink will show a notice; this notice is provided with a timestamp and

1 CROHO: Central Register of Higher Education Study Programmes (Centraal Register Opleidingen Hoger Onderwijs)
the candidate must allow Studielink to email this timestamp to the candidate’s email address. This email message must be included in the request for the hardship clause to be applied, and;

c. the candidate demonstrates that he has submitted the request for the hardship clause to be applied as soon as possible, and;

d. if refusal to participate in the selection should result in extreme unfairness – to be determined at the discretion of the Director DSZ.

2.3 Ranking number and placement

a. The admissions committee of the programme for which restricted enrolment applies, issues a ranking number, as from 15 April 2017, to the candidate via Studielink and informs the candidate on the results of the programme selection he has participated in. The candidates who have the lowest ranking numbers will be offered a place via Studielink as from 15 April 2017.

b. The candidate is held to accept, via Studielink, the place offered within two weeks following receipt via Studielink. If a place offered is not accepted within two weeks, it will be cancelled by operation of law.

c. If a place offered is cancelled because a candidate does not accept this place in time or if the candidate does not meet the requirements with respect to previous education and/or language skills, the place cancelled will be offered, via Studielink, to the candidate who has the lowest ranking number at that moment and who has not been offered a place yet.

d. Notwithstanding the provision above, the Director DSZ may decide, following a request by the candidate to that purpose, that the candidate who has not accepted the place offered within two weeks, will be offered a place once again. The candidate will be held to submit the request for the hardship clause to be applied as soon as possible by means of the digital form made available to that purpose.

e. The Director DSZ decides to offer the candidate a place as yet in the event:

i. the candidate demonstrates that he was unable to accept the place offered within two weeks, and;

ii. the candidate also demonstrates that he invoked the hardship clause as soon as possible, and;

iii. it should result in extreme unfairness – to be determined at the discretion of the Director DSZ – if the relevant candidate were not offered a place.

2.4 Deadline for demonstrating that requirements previous education and language skills have been met

The candidate who has been placed will be held to demonstrate, ultimately on 31 July 2017, that he meets the requirements with respect to previous education, specific previous education and/or language skills. If the candidate has failed to meet this obligation ultimately on 31 July 2017, his place will be cancelled.

If a candidate should fail to meet this obligation ultimately on 31 July 2017, he may request the Director DSZ to grant a postponement via the digital form made available to that purpose. The application for postponement must have been submitted ultimately on 31 July 2017.

If the Director DSZ concludes that the candidate cannot meet, ultimately 31 July 2017, the obligation to demonstrate that he meets the requirements with respect to previous or specific education, the Director DSZ will set a new term for the candidate to meet this obligation. This term will always end ultimately on 31 August 2017. If the candidate has not met this obligation within this new term, his place will be cancelled.

2.5 The candidate has failed to obtain the relevant diploma

The candidate who fails to obtain his diploma or certificate may submit a request, by means of the digital form made available to that purpose, to have his missed selection opportunity cancelled. The candidate will be held to submit this request as soon as possible and in any case before 1 September 2017 together with documentary evidence that the candidate failed. The Director DSZ grants the request if this is submitted before 1 September 2017 and will deal with the request before 1 October 2017.
2.6 Ultimate date the place is offered
The Executive Board (cvb) offers places ultimately on 31 August 2017. After 31 August 2017 no further places will be offered for the academic year 2017-2018.

2.7 Objection and appeal
The candidate may file an objection to decisions on the selection at the Executive Board (cvb). The notice of objection is to be submitted within six weeks following the date of the relevant decision. The candidate may lodge an appeal against the decision on the objection at the Higher Education Appeals Tribunal (College van Beroep voor het Hoger Onderwijs). If the notice of objection or the appeal is upheld after 31 August 2017 and it is determined that a candidate is to be offered a place, the place will be available in the following academic year 2018-2019.

2.8 Digital means of dispatch
Decisions and information in relation to the selection will be sent to the candidate digitally via Studielink and/or to the email address the candidate has registered in Studielink.

3. FEWER APPLICATIONS THAN PLACES; NO SELECTION BUT CHOICE OF STUDY CHECK
If the number of applications is fewer than or equal to the number of places available, selection will not take place. In that event the Regulations Choice of Study Check for the academic year 2017-2018 (Regeling Studiekeuzecheck voor het studiejaar 2017-2018) will be applicable (appendix 2 of the Regulations Application and Registration for the academic year 2017-2018 (Regeling Aanmelding en Inschrijving voor het studiejaar 2017-2018)).

4. PROVISIONAL PLACEMENT
In special cases the Executive Board (cvb) may determine, upon the candidate’s request, that the place offered will be converted into a provisional place for the academic year 2018-2019. The Executive Board decides this, at its discretion, in the event:
   a. the candidate should be unable, as a result of unforeseen circumstances or circumstances beyond his control, to attend the programme successfully in the academic year 2017-2018, and;
   b. the candidate has applied for provisional placement as soon as possible and always before 1 September 2017.

If a place offered is converted in a provisional place, the Executive Board (cvb) will offer a place, via Studielink, for the relevant programme for which restricted enrolment applies, to the candidate who has the lowest ranking number at the time and who has not been offered a place for the academic year 2017-2018.
Appendix 2: recognised Dutch language certificates
