REQUEST FORM B3 Electives 2022-2023: ARTIFICIAL INTELLIGENCE

To ensure that chosen electives do not overlap with mandatory courses or to avoid taking too many B1 courses as electives, students are strongly advised to request permission from the Examining Board if they wish to take electives not included in the "Recommended Electives B3" list in the Course Guide. The Examining Board retains the right to request more information after receiving your request. Submit form and documentation to: excieai@ai.ru.nl (please sign digitally using the button)
