The examiner shall determine the result of a written interim examination within 15 working days of the date it was administered. The examiner will immediately, and no later than ten working days after the date of an oral interim examination, announce the result and provide the student with a written statement in this regard via the student administration. For interim examinations other than written or oral examinations such as a portfolio, the Examination Board or examiner will decide in advance the method and time frame in which the results will be announced to the students. The term of 15 working days will not be exceeded in this case. Contrary to the provisions mentioned above there are different terms for interim examinations and their resits in period 4. The examiner determines the results of the first opportunity of an interim examination in period 4 within 8 working days. The results of the resit of first-year interim examinations in period 4 have to be published in Osiris at 12.00 pm (noon) on Monday 22
July 2024 at the latest. For the resits of all other interim examinations the deadline of 15 working days applies.

2. In special cases and if requested, the examiner can either extend (with the exception of the first opportunity of interim examinations in period 4 and the resits of first-year interim examinations in period 4) or shorten the time frames specified in paragraph 1. An appeal to the Examinations Appeals Board can only refer to an interim examination as a whole. This appeal can however relate to a partial examination of an interim examination.

Article 29. Right of inspection and explanation

1. Within at least 20 working days following the publication of the result of a written interim examination, the student may request access to review and inspect all graded work.

2. During the period referred to in paragraph 1, any interested parties may also inspect the questions and assignments made or given in the context of a written interim examination as well as the standards on which the assessment was based.

3. Due to the limited time between exam period 4 and resit period 4 and issuing the binding study advice, inspection of interim examination results from these periods shall take place within two days after the relevant results are published.

4. By way of derogation from the provisions in paragraph 1 and 3, the examiner may decide that inspection will take place for all students at the same time, on a date and at a time and place set in advance. If a student is unable to attend the inspection due to demonstrable circumstances beyond their control, a separate inspection can be arranged upon request, preferably within the time period referred to in paragraph 1 and 3.

5. In all cases, the inspection will take place at least five working days before the next interim examination opportunity for the relevant educational unit.

2. Contrary to the provisions in paragraph 1, the assessed knowledge, insights, and skills described in Appendix III will lapse after the period specified in that Appendix. The validity period of the interim examinations associated with these educational units expires after the aforementioned period.
3. The student will receive timely notification of the expiry of the validity of a successfully completed interim examination. This notification will at least include a reasoned explanation by or on behalf of the dean for why the knowledge, insights, and/or skills are outdated.

4. In special circumstances and in individual cases, the Examination Board can extend the period referred to under paragraph 2. If a student has received financial support on the basis of the profiling fund, as referred to in the Act, due to a disability or chronic illness, the Examination Board will always extend the period by at least the number of months that financial support has been granted by the Executive Board.

5. Without prejudice to the stipulation in paragraph 1 the validity period of successfully completed partial examinations is, in principle, limited to the academic year, unless the validity period is otherwise specified in Appendix III. The validity period for the result of partial examinations will end when the result of the interim examination for the relevant educational unit has been definitively determined.

Article 31. Final examinations
1. The degree programme is concluded by the Bachelor’s final examination.

2. The Examination Board will determine the result of the final examination in writing once the student has passed the interim examinations of all the educational units of the degree programme in question. The Examination Board determines which interim examination the student took last.

3. At the same time as determining the result of the final examination, the Examination Board also sets the examination date; in principle, this will be the date of the last result obtained.

Article 32. Degree and distinctions
1. A student who has passed the final examination of the degree programme will be awarded a Bachelor of Arts (BA) degree.

2. The Examination Board can award a distinction to a student who has successfully passed the degree programme examination. The rules for awarding distinctions have been established in the Guidelines for Awarding Distinctions 2015. In order to provide adequate and clear information to students, these guidelines have been included in Appendix VI of these regulations.

Section 6. Study performance, support, and advice

Article 33. Study performance and support
1. The dean of the faculty is responsible for recording study results in such a way that, upon request, every student can be provided with an overview of the results achieved at that time within a reasonable time of this request.

2. The dean is responsible for providing adequate student counselling (through student advisors and mentors).
Article 34. Regulations First Year Study Recommendation

1. The degree programme provides for a recommendation regarding continuation of studies as referred to in article 7.8b of the Act, which may result in a rejection. To that purpose further rules have been drawn up, with due consideration for the Guidelines First Year Study Recommendation (Richtlijn Studieadvies eerste jaar) laid down by the executive board. These further rules are attached as appendix VII to these education and examination regulations.

2. A rejection upon a negative recommendation remains valid for a period of three years. If a student should reregister for the degree programme after this period, this is seen as a first registration in the context of the applicability of these regulations.

Section 7. Evaluation of education

Article 35. Method of evaluation of education

In compliance with the quality assurance system of the university as described in the Handboek Kwaliteitszorg Onderwijs Radboud Universiteit (Radboud University quality assurance manual), the dean shall ensure that the education of the degree programme is systematically evaluated.

Section 8. Transitional provisions

Not applicable.

Section 9. Final provisions

Article 36. Safety net scheme and hardship paragraph

1. In all cases not covered fully or clearly by these regulations, the decision lies with the Dean.

2. In all cases in which these regulations may result in unreasonable or unfair situations for individual students, the Examination Board or, as a last resort, the dean is authorised to make an exception to the provisions in the Education and Examination Regulations to the benefit of the student.

3. In cases of conflict between these regulations and the relevant legal provisions, the provisions in the Act will prevail.

Article 37. Establishment, participational bodies, and amendments

1. These regulations are drawn up or amended by the dean after receiving advice from the programme committee and after having obtained the approval of the Faculty Joint Assembly.
2. An amendment to these regulations has no impact on the current academic year, unless this would disproportionately negatively affect the interest of the students.

Article 38. Entry into force

1. These regulations enter into force on 1 September 2023.
2. The Education and Examination Regulations applicable before this date will then expire.

Article 39. Publication

1. The Director of Education of the relevant department is responsible for publishing these regulations and any amendments thereto.
2. Any interested party can consult a copy of these regulations at the Student Information Point (STIP).
3. If the language of instruction of the course is in English, a translation of the regulations will also be published and made available for inspection.

Article 40. Evaluation

The dean is responsible for regularly assessing these regulations.

*As established by the dean on 31 August 2023.*
