* The Wednesday morning shift may be ending earlier in case of maintenance, this will be done with mutual agreement and one week in advance of the shift. The shifts will change conform the next slide "HFML shift schedule (maintenance)"

General reminders!

- Evening shift includes 30 minute break for dinner
- Keep track of the water temperature in the buffers (so the next group can use them)
- Finish on time, clean up your stuff and go home
- Always write down the He-level after Helium transfer
- Write down your intentions on the whiteboard!
