

Regulations regarding the payment of contract-courses

Termination of the contract is only possible up to two weeks before the start of the course. It is only possible to end the contract in writing. The course fee will be reimbursed, with a withholding of 25% of the total amount as administrative charges. When you cancel your registration after this deadline, the entire amount of the course fee is due.

As a contract-student, you are aware of the fact that, if necessary, you need to submit a request to the bank for reversal of the payment at the latest a month after the bank transfer.
