We’re here for you

Radboud University guides students who, for whatever reason, need help to successfully complete their studies. This overview outlines the total range of our support. Do you know what help you need? In this overview, you can find where to go if you have questions about studying, (mental) health and/or personal circumstances, your future and practical and/or regulatory matters.

What if I’m not sure what kind of help I need?
We can support you with that too. Talk to your student advisor, who will gladly help you to find the right support.

Is your question about undesirable online or offline behaviour, such as (sexual) intimidation, bullying, discrimination or aggression?
Then please don’t hesitate and reach out to a confidential advisor.
