

Are you a student and do you have a question?

Through this overview, you can find out where to go.

1

The first point of contact for students in the area of **central student services**. For example: **registering and deregistering for your study programme** or questions about **tuition fees, visa or housing**.

2

Here you can get help with **registering for courses and exams, timetables, study progress overviews** and your **diploma application**.

3

This is the place to go if you have questions about your **study programme** (or changes to it), **study tips**, and to **report personal circumstances** that (may) affect your studies.

4

You can go here for support in the field of study guidance and student wellbeing. You will find **study trainers**, training courses, and workshops to **help you study better**. There is also a **student psychologist** for

personal problems, a **self-help platform**, and a **student counsellor** if you need special facilities for your studies or help with finances. You will also find the **confidential advisor** and a **study and career advisor here**.
