Radboud Beyond Borders: Let’s go global!
5-9 November, 2018

Why spend time abroad?

- You can broaden or specialise your studies
- You can improve your language skills
- You can broaden your horizons by living abroad in a completely different environment
- You can improve your chances in the labour market through experience abroad
- You can achieve great personal development
Radboud Beyond Borders: Let’s go global!
5-9 November, 2018

Radboud Beyond Borders information sessions give you general and more specific information on a study period or internship abroad. The week is especially interesting for those students who are in their orientation phase. Did you miss last year’s edition? Then come and join us in November!

• **Information from your own faculty**
  - All faculties will give presentations and some specific study programmes as well

• **General information sessions by the central International Office**
  - Which options are there for studying, internships and doing research in Europe or elsewhere?
  - Which financing possibilities are available to you?
