

Eligibility criteria 2022/2023

Students who would like to request for an Erasmus+ grant should take into account the following eligibility criteria. You will:

- Use the grant to study abroad or participate in a traineeship abroad. For both traineeships and studies a minimum of 2 months abroad is required. Eligible countries are EU Member States (excluding the Netherlands), as well as North Macedonia, Iceland, Liechtenstein, Norway, Serbia, Turkey and the United Kingdom;
- Live in the country where the study abroad takes place. The place of stay where the participant lives before going abroad may not be in the same country as the country where the study abroad period takes place. E.g., students living in Germany during their studies at Radboud University are not entitled to stay in Germany for an Erasmus+ exchange program;
- Be enrolled as a full-time student at Radboud University for the entire duration of the study abroad period. The participant will undertake the study abroad period as part of their degree programme, as documented in the *Learning Agreement for Studies or Traineeships* prior to going abroad. In case of Erasmus+ Traineeship during the first year after graduation, the student will be enrolled as a full-time student at Radboud University at the moment of application. The traineeship abroad will then not be recognised as part of the degree programme;
- Have been accepted to and started the second or third academic year (Bachelors) or Master before the start of the study abroad period. For Traineeships this does not apply (inform your faculty International Office about the possibilities);
- Have obtained at least 60 ECTS before submitting the grant application request. For Traineeships this does not apply (inform your faculty International Office about the possibilities);
- Have not received an Erasmus/Erasmus+ grant for more than 12 months during his or her Bachelor's programme if you are a Bachelor student. If you are a Master student, you may also apply for maximum 12 months during your Master's programme;
- Not request an Individual Travel Grant or other EU grant during the stay abroad period covered by Erasmus+ funding;
- Participate in an online language assessment (1) before departure and (2) in the end of the study abroad period. This only applies only if the language of the host institution is Bulgarian, Czech, Danish, German, Greek, English, Estonian, Spanish, Finnish, French, Irish Gaelic, Croatian, Hungarian, Italian, Lithuanian, Latvian, Maltese, Dutch, Polish, Portuguese, Romanian, Slovak, Slovenian and Swedish. If this language is your mother tongue, you do not need to participate in this online assessment. Upon completion of the first language assessment, you may choose to use the online language course in the same language;
- Submit all required documents digitally.
