Schedule <i>(classes offered in the coming semester)</i>	<a href="https://registrar.humboldt.edu/class-schedule">https://registrar.humboldt.edu/class-schedule</a>
Registration	Exchange students who have completed the International Humboldt Online Orientation Program (IHOOP) can register as early as April 11, 2023. It is highly recommended for students to complete IHOOP early and be ready to register in April to ensure they receive the classes they are interested in taking. Additionally, early registration allows them to communicate with faculty before the faculty leave mid-May.

	Exchange students receive priority registration but classes may still fill up. If a prerequisite is required for a class the student will need to contact the faculty to ask for a 'permission number' to allow them to register. The exchange student should be prepared to show a syllabus or class description that meets the scope of the pre-requisite. Unless a student is enrolled in a class a place in that class cannot be guaranteed.
