Why Choose CEU?

Over 85 Years of History

We are one of the oldest private schools in Spain and have a broad network of alumni present in more than 40 countries. CEU is a prestigious and solid educational institution with more than 85 years of experience in high-level teaching.

Internationally Driven

We offer a large number of Bachelor's degrees, both bilingual and in English, as well as other optional languages through supplementary programs. We also offer a large variety of international and study-abroad programs which will allow you to complete part of your degree, in some of the best universities in the world, or to do an internship abroad.

Partnerships with Companies

Our direct relationship with companies ensures high employability rates: 92% undergraduate and 96% postgraduate.

Comprehensive Education

We walk alongside students so they can fulfill their maximum potential, and we prepare them to become outstanding professionals but, more importantly, persons of integrity, with an education based on the values of Christian Humanism.

Research Oriented

We are the 3rd private university in Spain with the highest output of scientific research and the 1st in the Autonomous Community of Madrid.

Leaders in Scholarships

We rank first among Spanish private universities in terms of the greatest investment in merit and academic excellence scholarships, as well as in financial aid.

National and International Recognition

Universidad CEU San Pablo is recognized by the most prestigious and impactful national and international rankings for its programs' and faculty's quality, innovative nature, international focus, and growing impact of its research projects.

2022 World University Rankings by Times Higher Education (THE)

CEU Universities are ranked ninth among Spanish universities and among the top 600 universities worldwide.

A total of 2,100 universities from almost a hundred countries have participated.

2022 Young University Rankings by Times Higher Education (THE)

CEU Universities are ranked fourth among Spanish universities founded less than 50 years ago, first among private universities in Spain and takes the 136th position worldwide.

> More information at uspceu.com/en/rankings

University Rankings by Scimago Institutions Rankings (SIR)

Universidad CEU San Pablo is ranked first among private universities in Madrid and second among private universities in Spain in the 2020 Scimago Institutions Rankings, outranking more than 70 universities, R+D public institutions, and public and private hospitals.

Forbes

2021 Best Universities Ranking by Forbes

Universidad CEU San Pablo is ranked sixth among the 88 public and private Spanish universities evaluated.

2021 Innovación Universidades (Innovative Universities) Ranking by El Economista

Universidad CEU San Pablo is ranked as the second most innovative in the Ibero-American world.

Investigación de Talento (Talent Research) by Universum

We are the fifth Spanish university with the most satisfied students and one of the schools that better prepares them for the job market by giving them practical skills.

Internationally driven

Study-abroad Programs

Universidad CEU San Pablo has more than 350 bilateral exchange agreements with universities around the world.

Thanks to these programs, including the Erasmus+ Program, students could potentially enroll in several study-abroad options during their Bachelor's degree.

Additionally, students may acquire international work experience through an internship abroad.

+350

International
Agreements

Visit www.uspceu.com/mobility for a list of all places where you may complete your degree.

Language Driven

We help students grow their existing knowledge of English or other languages, preparing them for official tests and accreditations, and teaching them a new language.

In addition, the University has collaboration agreements in place with the British Council and the Goethe Institut, enabling students to perfect their command of the English and German languages.

English-only and Bilingual Bachelor's Degrees

Internationalization is all about expanding horizons and having a globalized vision of the world. For this reason, at Universidad CEU San Pablo we offer official bilingual degrees in many key fields:

CEU Global Campus

INTERNATIONAL EDUCATION WITHOUT BORDERS

Universidad CEU San Pablo sets its students up for success beyond the Spanish borders by supplementing their Bachelor's Degree with a foreign academic certificate.

Our variety of international initiatives gives students the opportunity to stand out and opens up new doors to all sorts of jobs.

CEU Global Campus offers the following international programs:

- International Bilingual Programs (IBP)
- International Online Programs (IOP)
- International Professional Programs (IPP)

International Bilingual Programs IBP

International Bilingual Programs, IBPs, are offered by Universidad CEU San Pablo as a unique opportunity to enhance your academic profile and make you stand out as a professional.

You will complete your Bachelor's Degree with an exclusive program in a renowned American university, such as The University of Chicago, UCLA Extension (University of California, Los Angeles), Boston University o Fordham University.

In the first years of the Bachelor's Degree, you will have several intensive modules so that you can learn and adjust to engaging methodology of the American educational system.

As a senior, you will complete a study-abroad year in the U.S., in Boston, Chicago, Los Ángeles or New York cities, which will give you a priceless multicultural experience and will open up more career opportunities for you.

This is a unique opportunity that will allow you to receive quality bilingual education and consolidate your international profile.

CEU Global Classroom

INTERNATIONAL EDUCATION IN THE CLASSROOM

Universidad CEU San Pablo offers its undergraduate and graduate students a unique opportunity to attain an international education from the comfort of the classroom. How is it done? We have partnered with foreign universities and institutions to create the Collaborative Online International Learning (COIL) projects and mirror lectures.

CEU Global Campus offers the following international programs:

- COIL - Collaborative Online International Learning
- Mirror Lectures
- Guest Lectures
- International Weeks

A History of Innovation

Education Designed to Set You Apart

One of our main goals is to offer our students an innovative education that helps set them apart, reach their full potential, and be ready for the professional world.

We are continuously making efforts to stay ahead of the curve with our academic offer and to give our students new tools that have not only been designed to increase their employability, but also to set them apart in their fields and in society.

Excellence Program

- Universidad CEU San Pablo -

The Excellence Program is an alternative to a conventional study plan which offers a number of exclusive benefits to empower students to leverage their skills and competences and take them to the top.

We are committed to providing a customized and innovative training with great focus on practical learning and teamwork.

Part of the Degree is offered in English, and students specialize in another language. This program requires completion of a study-abroad stay in some of the best universities in the world.

Internships are also available in some of the top national and international companies in the world.

In addition, students have access to an exclusive training in the most sought-after digital skills, ensuring they stand out even more in the job market.

Students participate in multiple extracurricular activities organized by the University: discussions with important stakeholders of the business and legal fields, debate club, Excellence seminars, talent development programs, etc.

Partnerships with Companies

At the Universidad CEU San Pablo we always stay a step ahead offering the most innovative education through partnerships with top companies such as Microsoft, Adobe, Google, PlayStation, SAS, Telefonica, Cisco or Amazon.

We offer different focus options within innovative fields that are transforming the economy and society, such as immersive technologies, big data, voice technologies, artificial intelligence, and network infrastructures and the Internet.

Our unique and innovative learning approach combines high-quality lessons with practice, allowing the student to learn the technical and professional skills required for the job through our partnerships with these companies. Talk about an experience-based model.

Considering the current highly competitive and evolving environment, Universidad CEU San Pablo is committed to offering additional development opportunities to ensure that our students' professional skills are more suited to what the current job market demands.

Exclusive Programme in Values and Leadership in the Digital Era

We have a comprehensive and wholesome approach to education. Therefore, we offer an Exclusive Programme in Values and Leadership in the Digital Era, available with all of our degrees.

This promotes the development of highly sought after social skills and abilities for leadership, innovative methodologies, persuasive communication, design thinking, quick decision making at work, teamwork, etc.

It is designed to make our students more desirable hirees, with experts giving them the tools and experience in the soft tools they will need in their careers.

Internships and jobs

Career Center

One of our key priorities at Universidad CEU San Pablo is to boost our students' professional development. In that context, we created the Career Center as a meeting point between the corporate world and the university, from where we transfer talent to society.

We help our students to design their career by guiding them not merely for their immediate future, but throughout their entire career. We have a team of specialised Career Advisors by industry, who offer customised, individual attention for both current students and alumni.

Our results in numbers

In recent years, 92% of the University's undergraduate students have been able to join the work force shortly after graduation, with the percentage rising to 96% for graduate and postgraduate students.

These impressive numbers can be explained by our close ties to the professional world, the internships we offer at top-notch companies (more than 9,000 internship agreements), and our individual career orientation services.

+92% ► EMPLOYABILITY RATES FOR UNDERGRADUATE STUDENTS

+96% ► EMPLOYABILITY RATES FOR GRADUATE STUDENTS

+9.000 ► INTERNSHIP AGREEMENTS

+5.100 ► INTERNSHIP OFFERED

+4.800 ► INTERNSHIP COMPLETED

Life on Campus

A World of Activities to Explore

The Student Affairs and School Life Office offers a large number of options so students can practice their hobbies and develop new interests and relationships to complement their education.

Campus life

During the school year, students can participate in a wide range of activities and programs such as theater, music, movies, art, ballroom dancing, etc., as well as outdoors activities.

Clubs

There are numerous clubs available at our school communities such as eSports, stock market, gastronomy, debate, fashion, protocol, and many more!.

Sports

We encourage an active lifestyle that includes several sports such as soccer, tennis, running, etc. We also participate in internal and inter-university competitions.

Volunteer opportunities, solidarity, and development cooperation

We are committed to helping those most in need with fundraisers, social volunteering opportunities, and development cooperation projects.

We Do It Together Program

At Universidad CEU San Pablo we want students to make the most out of this learning and growth phase of their lives so they can reach their full potential.

We Do It Together is a program focused on the wholesome development of every individual from day one in every aspect: personal, academic, professional, and spiritual.

University Orientation Services (SOU)

The Student Affairs and School Life Office offers a large number of options so students can practice their hobbies and develop new interests and relationships to complement their education.

Growth Path for Students (GPS) Program

Professionals with a solid personal and professional trajectory guide and help students when entering the job market.

Pastoral Services

We encourage students to participate in pastoral activities, pilgrimage groups, retreats, spiritual practices, conferences, debates, and the celebration of sacraments.

Scholarships and Financial Aid

We are the educational institution in all of Spain that awards more scholarships

The Universidad CEU San Pablo is committed to those who put in the effort and continuously strive to reach their full potential. We believe in giving everyone who fights for a goal the opportunity to achieve it. Every student's application is considered carefully and individually taking into account their personal situation, as well as their socioeconomic and family circumstances.

A committee is assigned to each application and the aid is distributed according to the needs and circumstances of every student. Our goal is that no student is left out of the Degree they want to pursue due to financial reasons.

For more information, terms and conditions visit:
uspceu.com/financial-aid
