Discover the Netherlands: trips to Amsterdam, Utrecht & Nijmegen

Do you want to get to know what Dutch culture entails? Then this is the right course for you! In these five days, you will get to know the Netherlands well. Not only will we tell you all about Dutch traditions, holidays, food, and history in a cultural workshop, you can also experience it yourself!

During this week, you will discover it all. Join us on a professional city tour of Nijmegen, where you will learn about the rich history of the oldest city in the Netherlands, the impact of WWII, and visit the most beautiful locations. After this city tour, we will visit the Valkhof museum. The museum’s collection covers Roman history and art, and there are always temporary exhibitions about other subjects, all of which have to do with Nijmegen. We will also explore the city some more by playing a rally. This is a competition in which you have to find specific spots and complete certain typically Dutch tasks. In addition we will be visiting a windmill; an authentic Dutch heritage site!

Besides exploring the city, you will be able to taste our culture by trying out Dutch cuisine; learn about our language in a workshop; play traditional Dutch games. We will celebrate Sinterklaas; a Dutch tradition. Moreover, you are going to learn how to cycle in the Netherlands and go on a bike tour for a pick-nick in a charming location not too far from the city.

Furthermore, we will go to Amsterdam and Utrecht, two beautiful cities in the Netherlands, where you will see all the highlights, climb the highest church tower, and go through the famous canals. Again, you will be able to learn about the history and architecture of both cities and see the impact WWII had on them. Especially, the famous Anne Frank museum is worth a visit to see how the Jewish population suffered during the war.

After these five days, you will understand what it means to be a true Dutchie!
