Progress Meeting Healthy Brain Cohort
The research starts NOW!

November 2, 2018
Tuinzaal, Radboudumc

Program

12:00-12:45  Registration and lunch
12:45-13:15  Update Healthy Brain Cohort by Guillén Fernández & Lucy Overbeek
13:15-14:15  Two inspiring examples of interdisciplinary big data research
             Antal van den Bosch, professor of Language and Speech Technology
             Alain van Gool, professor of Personalized Healthcare
14:15-15:15  Opportunity to meet future collaborators: parallel session 1
15:15-15:45  Coffee/tea break
15:45-16:45  Opportunity to meet future collaborators: parallel session 2
16:45-17:00  Closure
17:00-17:30  Drinks

Topics parallel sessions

1. Stress resilience and vulnerability
2. Dynamic adaptation
3. Healthy brain in society – society of healthy brains
4. The brain and its biological environment - the body
5. Making smart decisions
6. The basic mechanisms: Integrating diverse cognitive operations
7. Language: the ultimate readout
8. Measuring and detecting – everything, every time and everywhere
