Radboud Go Abroad 2019
Psychology

Julia Pick – International Officer Psychology
Jarl Ederveen (Japan), Rona van der Dussen (Poland), Saida Chaairi Taeh (Ireland) – Students Abroad 2018/2019
Outline of today’s programme

1. Why going abroad?
2. What, where, how and when?
   - What? → Study, internship
   - Where? → Within or outside of Europe
   - How? → Financial matters, application procedure
   - When? → Study planning

3. After this presentation: what’s next?
4. What’s it actually like to study abroad?
   → Rona (Poland), Saida (Ireland) & Jarl (Japan)
5. Questions?
Why going abroad?

1. Academic challenge:
   new knowledge, perspectives, types of education, approaches to research, taste of international character of science

2. Personal development:
   - More resourceful, independent, creative
   - Broaden your horizon: cultural differences

3. Boost for your CV
What Students Say:

“It’s going great. In the beginning I had kind of a culture shock and felt a little bit of panic: oh no, how will I survive this? Everything was new and I hardly speak or read Japanese and they talk fast... My first week was Honeymoon phase (food, architecture, art etc) and feeling homesick (missing the familiar things) at the same time.”

“I like it very much so far. I met lovely people and the university is great. Especially because we have a lot of lectures in smaller groups compared to RU.”

“It is fantastic here so far. The university has the same approach as the RU as to how professors deal with their students. They are very open to conversation and are also passionate about their field. I like the college life very much so far and is completely different from what we are used to in the Netherlands. After the introduction week you are friends with almost everyone, which involves about 200 people, international or Australian. Thanks again for ensuring that all the paperwork was in order so that I could come here.”
What, where, how and when?

Warsaw, Poland

Budapest

Perth, Australia

Leuven, Belgium
What?

1. **Take courses abroad**
   a) In most cases without delay: in B3 Semester 2
   b) Extracurricular courses after Master or after Bachelor (extra semester)

2. **Internship abroad**
   a) During Master
   b) Extracurricular, for example during summer

3. **Bachelor thesis abroad**
   - Own initiative and concrete project
   - Find an external and internal supervisor
   - Apply → Ms Inge Rabeling and Julia Pick
   - Send complete project proposal to domain coordinator
   - Requires more time and effort than regular Bachelor thesis projects!
Community Outreach Project (Dutch only)

- https://www.ru.nl/studiegids/science/vm/osirislinks/ibi/nwi-ibi005/

- 3 weken project ervaring in het buitenland:

“In deze cursus staat een internationale stage centraal. Je werkt gedurende drie weken IN DE ZOMERVAKANTIE mee in een lopend project in een ontwikkelingsland. De projecten waarbij we aansluiten vinden plaats op diverse locaties, veelal in Afrikaanse landen. Hoewel de context van de projecten onderling verschilt, zijn er verschillende terugkerende thema’s, zoals (1) onderwijs en ontwikkeling van kinderen, (2) IT als middel om leren te ondersteunen en om kansen van mensen te vergroten, (3) omgeving en duurzaamheid, en (4) maatschappelijke thema’s zoals gender issues en traumaverwerking.”

- Voor vragen hierover of inschrijving: neem contact op met Henny van der Meijden: h.vandermeijden@pwo.ru.nl
