COVID-19 GUIDELINE
“BSA II”
Guideline: Results Published in September 2020 Also Count

The provisions in Article 1 paragraph 3 and Article 1 paragraph 4 of the BSA guideline will be suspended for first-year students who were enrolled in the propaedeutic phase of a full-time Bachelor’s programme at Radboud University for the full 2019-2020 academic year and who did not achieve the BSA standard before 31 August. This means that these students will not receive a study recommendation (neither positive nor negative) in the 2019-2020 academic year.

Instead of the suspended provisions for the abovementioned group of students, the following apply:

- the decision on the study recommendation will be postponed until 1 October 2020. On that date, a new assessment will determine whether the relevant BSA standard was achieved. This assessment will include all the results of the exams that are part of the propaedeutic phase of the relevant study programme that were taken between 1 September 2019 and 31 August 2020, the results of which were reported in Osiris before 1 October 2020;
- students who have achieved the relevant standard by 1 October 2020 will still receive a positive study recommendation as specified in Article 1 paragraph 3 of the regular BSA guideline.
- the final decision on the study advice for students who have not achieved the relevant standard by 1 October 2020 will be postponed until the end of the 2020-2021 academic year. This decision will be taken before 31 August 2021. For these students, the amended BSA standard, as described in Article 5, paragraph 2, last phrase, of the regular BSA guideline must be achieved at that time. This standard is: the full 60 EC of the propaedeutic phase of the study programme.

Guidelines for Deans from Article 7 Structural Regulations

This guideline is a guideline within the meaning of Article 7 of the Radboud University Structural Regulations.

Entry into Force

This guideline will enter into force on the date that it is adopted, with the retraction of the COVID-19 BSA guideline as adopted on 26 March 2020.

Adoption and Participational Bodies

This guideline was adopted by the Executive Board on 10 July 2020 after prior approval from the University Joint Assembly (UGV) on 29 June 2020.

---

1First-year students are students who were registered for the propaedeutic phase of a Bachelor’s programme for the first time. At Radboud University, “propaedeutic phase” means “the first period in a Bachelor’s programme with a study load of 60 EC.”
