

# Easy Access agreement 2023 (WO) Copyright at your university

Your university makes use of the Easy Access agreement (WO) of UvO. This buyout agreement makes it easier than ever to use and reuse copyright-protected material.  
Read all the conditions here.

Valid from: 1-1-2023 to 31-12-2025

## 40 pages

You can freely use up to 40 pages in your lessons, on condition that it is not more than 20% of the original publication. These can be chapters, articles from magazines and newspapers, cuttings, etc.

## Images

There is no maximum for images in publications or presentations (PowerPoint, Prezi, etc.). There are two conditions, though: you may use no more than 10 works by the same maker and no more than 25 images from the same work.

## Paper and online

The form in which the material is made available is not important. Paper readers or online learning environments (such as Teams or Blackboard): all these are covered by the agreement.

## 40+ pages?

### Additional permission required

It is possible to reuse more than 40 pages or more than 20% of a work. Find out more from your university's Copyright Information Point (AIP).

## General rules:

- Always state the source
- Direct links are preferred
- For explanation purposes in the lessons
- Open Access content is always OK
- Always choose a legal source

That way we ensure together that copyright-protected materials are used as intended.
