Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

General Information

Prerequisite for being admissible to this programme is that the level of your secondary school diploma is (at least) equivalent to the Dutch "vwo"- diploma*. In this document, you will find the requirements for the most frequently obtained diplomas. If your diploma is not mentioned on one of the following pages, it may be because its level is not equivalent to the Dutch "vwo"-level. To make sure, please send an email to the International and Admissions Office of the Faculty of Science to find out about your specific situation (admissionsforbachelors@science.ru.nl). If your diploma does not meet this requirement, your application will not be taken into consideration. All applications will be assessed individually by the Board of Examiners on their eligibility.

Once it is established that your secondary school is of sufficient level, the following may apply:
- Specific course, and/or grade requirements for the subjects from the field of Science (Mathematics, Physics, Chemistry and/or Biology) may have been set.
- Specific requirements may have been set regarding school- or exam profiles.
- In some cases, the Board of Examiners may ask for an additional exam in one (or more) of the Science subjects.
- These additional exams are solely intended to eliminate deficiencies in a limited number of subjects, and not to compensate for any possible difference in level of diploma, nor to make up for an insufficient grade for the subject in question in your regular high school diploma.
- SAT's are not taken into consideration for admission purposes by the Faculty of Science.

Meeting our admission requirements is mandatory. They reflect the basic level of knowledge necessary to study this programme. Therefore, they are not to be considered as suggestions. Although the information in this document is put together with the utmost care and should be free of errors, no rights can be derived from its content. The Board of Examiners may deviate from these requirements at its own discretion.

We highly value academic integrity. Therefore, in case of (suspected) fraudulent behavior regarding any aspect of the application procedure, we expressly reserve the right to immediately reject the suspect application. The candidate whose application was rejected because of suspicion of fraudulent behavior will be barred from future applications at Radboud University.

Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

Country and Diploma Specific Information

**Albania**
Diplomë e Maturës Shtetërore
Relevant subjects: Biology, Chemistry, Physics and Mathematics.
Next to the 3 compulsory Matura subjects (Albanian, Mathematics and 2nd language), Biology and Chemistry must be the 2 elective subjects in the Matura.
Physics should be taken up to and including the final year in high school.
The GPA in the final year must be at least 7 out of 10, the grades for all relevant subjects in the final year must be at least 7 out of 10.
The GPA in the Matura-exam must be at least 8 out of 10, the grades for all relevant subjects that were taken in the Matura must be at least 8 out of 10.

**Australia**
All states/territories (except Queensland); Certificate of Education + ATAR (Australian Tertiary Admission Rank) ≥ 85.
Queensland; Certificate of Education + OP (Overall Positions) bands/score 1 to 7.
Pre-university curriculum in Senior Secondary School, including the following relevant subjects: Biology, Chemistry, Mathematics and Physics.

**Austria**
Reifezeugnis or Reifeprüfungszeugnis from a Gymnasium or Realgymnasium.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
In the case of 5 subjects taken in the Reife, they must be: German, 2nd language, Mathematics, Biology and Chemistry. Physics must be taken throughout the Oberstufe.
If there are only 4 subjects in the Reife, then Biology must be in the Reifeprüfung, Physics and Chemistry must be taken throughout the Oberstufe.
All grades in the Reifeprüfung must be 3 or higher. Grades for all relevant subjects must be 2 or higher in both Reifeprüfung and Oberstufe.

**Bangladesh**
2 years Bachelor (passed) at university in Biology.

**Belgium**
Flanders: Diploma van secundair onderwijs.
Wallonia: Certificat d’enseignement secondaire supérieur.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
All relevant subjects must have been taken in the final exam.
All grades must be at least 6 or 60%.
**Admission Requirements**
For the Biology bachelor programme (study year 2024-2025)

**Brazil**
Certificado de Conclusão do 2º Grau + 1 year of academic education in Biology, or Certificado de Conclusão de Ensino Médio + 1 year of academic education in Biology.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Well above average results (Medio Superior/Bom or Superior/Excelente) in the ENEM (Exame Nacional do Ensino Médio) for the relevant subjects and in the first academic year of Biology.

**Bulgaria**
Diploma za Sredno Obrazovanie, academic stream, Natural Sciences profile. Other profiles are not taken into consideration for admission purposes.
Relevant Subjects: Biology, Mathematics, Chemistry and Physics.
Biology must be in the Matura. The other relevant subjects must be in the final year.
Overall GPA of the final year as well as in the Matura must be at least 5 out of 6. Grades for the relevant subjects must be 6 out of 6.
If there is no specific indication on the diploma that it is a Natural Science profile, it is assumed that it is not and therefore not taken into consideration for admission purposes.

**Canada**
Secondary School diploma with the STEM pathway. For admission purposes we may look into university high School rankings.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be University level, next to Mathematics. Physics must be at least on College Level.
The GPA and all grades for the relevant subjects must be well above passing level.

**Caribbean**
CAPE (Caribbean Advanced Proficiency Exam), awarded by CXC (Caribbean Examination Council).
Relevant subjects: Biology, Mathematics, Chemistry and Physics.
All relevant subjects must be two units and must have been passed.
At least 4 subjects of 2 units must have been passed.

**China**
Senior middle school graduation certificate (Gaozhong) together with national entrance examination (Gaokao). Gaokao score of minimum 550 (from a maximum of 750) for Beijing Region. For other regions other scores may apply.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Mathematics, Biology and Chemistry must be taken in the Gaokao with relatively high sub scores.
Physics must be taken throughout the entire Senior Middle School.

**Croatia**
Svjedodzba o drzavnoj maturi from a Gymnazijum with at least 5 subjects in the Matura. Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Next to Mathematics (A-level), Biology and Chemistry should be in the Matura, Physics must be taken in the final year.
All grades in the final year (including those for the Matura) must be at least 4 out of 5.
Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

Cyprus
Apolytirio, Life Sciences specialization.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be examined. Mathematics must be taken up to and including the penultimate year. Physics must be taken in the final year and may, but need not be examined.
GPA must be at least 17. Grades for the relevant subjects must be 18 or higher in the final year. Mathematics in the penultimate year must also have a grade 18 or higher.

Czech Republic
Vysvědčení o maturitní zkoušce, obtained at a Gymnázium
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Compulsory in matura: Mathematics
Compulsory elective matura subjects: Biology and Chemistry Physics must be taken in the final year of high school, or may (but must not) be taken as a 5th Matura subject.
Grades for the relevant subjects must be 1 or 2.
Not more than a total of 9 points for 4 matura subjects (11 points if a 5th matura subject is taken).

Denmark
Studentereksamenbevis or Bevis for Højere Forberedelseksamen.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
All 4 relevant subjects must have been taken in the Natural Science cluster.
Biology and Chemistry on A-level; Mathematics and Physics at least on B-level.
All grades should be 7 or higher.

Estonia
Gümnaasiumi Lõputunnistus
Relevant subjects: Biology, Chemistry, Mathematics and Physics
There must be at least 5 subjects in the final exam, including Biology, Chemistry and Mathematics
Grades for the relevant subjects must be 4(B) or higher; grades for all other subjects must be 3 (C) or higher.

European Baccalaureate
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be in the written exams. Physics and Mathematics (3 or 5 periods) must have been taken up to and including the final year.
All relative subjects must have at least a passing grade (5).

Finland
Ylioppilastutkintotodistus/Studentexamensbevis.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Compulsory in matriculation: Mathematics and General Studies.
Compulsory in final year: Biology, Chemistry and Physics.
Matriculation grades at least 4 (out of 7), or C, M, E, or L
Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

France
Diplôme du baccalauréat général.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Compulsory specialties in year 11 (première): Mathematics (Spécialité) + Biology/Geology + Physics/Chemistry.
Compulsory specialties in year 12 (terminale): Biology/Geology + Physics/Chemistry.
Grades for the two required specialties must be at least 12/20 in the final year and the final examinations. Grades for Mathematics (Spécialité) in year 11 must be at least 12/20. 
No English proficiency test needed when the OIB (Option International Baccalaureate) is taken.

Germany
Zeugnis der allgemeinen Hochschulreife.
• Biology as “Prüfungsfach” and at least two out of three other Science subjects (Mathematics, Physics, Chemistry) should be taken up to and including the final year of High School (they can but need not be taken in the Abitur). If Biology was not an “LK”, then at least one of the three other Science subjects should be the “LK”.
• The (specifically mentioned) “LK” should have a grade 09 or higher, all other Science subjects (geprüft/ungeprüft) should have a grade 07 or higher.
• English language certificate: Not needed if English was taken during High School, with a minimum grade of 08 in the final year (English can but need not be taken in the Abitur).
• All grades mentioned are on a scale from 0 - 15

Greece
Apolýtirio, Life Sciences specialization.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be examined. Mathematics must be taken up to and including the penultimate year. Physics must be taken in the final year and may, but need not be examined.
GPA must be at least 17. Grades for the relevant subjects must be 18 or higher in the final year. Mathematics in the penultimate year must also have a grade 18 or higher.

Hungary
Gimnáziumi Érettségi Bizonyítvány
Relevant subjects: Biology, Mathematics, Physics and Chemistry.
Biology must be the elective (5th) exam subject. Chemistry and Physics must be in the final year in high school, Chemistry must be taken as a Boswell/CCVX exam.
Exam grades for Mathematics and Biology must be 4 or higher. The other three exam subjects must have a total of at least 8 points. Only one subject can have a grade 2 or higher, the other two must have at least a grade 3.

Iceland
Stúdentspróf (obtained at a Menntaskóli). Natural Sciences, including Biology, Mathematics, Physics and Chemistry.
Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

India
Standard XII School Certificate (from either CISCE or CBSE), only academic stream from the science cluster.
Relevant subjects: Biology, Mathematics, Chemistry and Physics.
Required exam subjects for both certificates: Biology, Chemistry and Mathematics. Physics must have been taken up until and including the 10th year with sufficient grades.
5 academic subjects must have been passed with a result of at least 85%. For CBSE certification only A1 or A2 grades are taken into consideration.
Non-externally examined courses do not count towards meeting the required minimum number of courses, nor to the grade requirement for the five courses as mentioned above.

Indonesia
Ijazah Sekolah Menengah (SMA) from an Indonesian Top School (*) (Natural Sciences profile) grants direct admission, if at least Biology, Chemistry, and Mathematics are examined in the final exams.
Minimum grades of 70% are required for the last 6 semesters/3 years
(*) Determining which schools are Top Schools is done at the discretion of the Admissions Officers of Radboud University

International Baccalaureate
Diploma Programme (not Career-related programme).
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be on HL.
Mathematics: Either A&A (HL or SL), or A&I (HL) is accepted. A&I SL is not accepted.
Physics must at least been taken in the curriculum leading up to the IBDP with sufficient grades.
An overall score of at least 30 points (not including points for CAS, EE and ToK).
All grades must be 4 points or higher.
Subjects from Group 6 (the Arts), will not be considered for admission purposes (HL nor SL), and must be replaced by a 2nd subject from the Science group (Group 4).

Ireland
Leaving Certificate Established (LCE) with at least 6 exam subjects, of which at least 2 on Higher Level.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be on HL. Physics and Mathematics must be at least OL. All grades (HL and OL) must be 4 and up.
Leaving Certificate Vocational Programme is not taken into consideration for admission purposes, nor are subjects from the Applied Science group.

Israel
Te'udat Bagrut with at least 21 units.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Each relevant subject must have 3 units or more.
All grades must be “almost good” or higher.
Admission Requirements

For the Biology bachelor programme (study year 2024-2025)

**Italy**
Diploma di Superamento dell'Esame di Stato Conclusivo from a Liceo Scientifico.
Relevant subjects: Biology, Mathematics, Chemistry and Physics
All relevant subjects must be examined, with a minimum score of 6.0.
A Diploma from a Liceo Linguistico, classico or science umane is not taken into consideration for admission purposes.

**Kazachstan**
Nazarbayev Intellectual Schools (NIS) Year 12 Certificate.
The NIS certificate should include the following subjects: Chemistry and Mathematics.
Physics must have been followed at least up until and including the 10th year.
All grades should be at least 4.5 out of 5.
OR
Atestat from a regular Kazakh secondary school + one year of University in Biology with sufficient grades.
Biology, Chemistry and Mathematics must have been in the final exams of secondary school and physics must have been followed at least up until and including the 10th year.

**Kosovo**
Gjimnazit, or Diplomë për Kryerjen e Shkollës së Mesme të Lartë – Gjimnazit.
Relevant subjects: Biology, Mathematics, Chemistry and Physics.
All relevant subjects must be in the diploma.
All grades must be 4 or 5 (out of 5)

**Latvia**
Atestāts par vispārējo vidējo izglītību in the exact (natural) sciences cluster.
Relevant subjects: Biology, Physics, Chemistry and Mathematics.
All relevant subjects must be in the Centralized Examinations.
All grades should be at least 7 out of 10.

**Lithuania**
Brandos Atestas par Visparejo Videjo Izglitibu, Mathematics & Natural Sciences stream.
Seven or eight Matura subjects, of which at least four are state exams on A-level.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
At least Biology A-level, Chemistry A-level, Mathematics A- or B-level must be in the final central state examinations.
All grades in the final year for the relevant subjects must be at least 8, all other subjects at least 7.
All grades in the Matura for relevant subjects must be 86 or higher, all other subjects 36 or higher.

**Luxembourg**
Diplôme de fin d'études secondaires classiques, spécialisation sciences naturelles et mathématiques.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
All grades must be 35 or higher, grades for the relevant subjects must be 40 or higher.
Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

Malaysia
Sijil Tinggi Persekolahan Malaysia/Matriculation Certificate.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
All specified relevant subjects must be examined.
STPM Cumulative GPA must be at least 2.67; grades for relevant subjects must be 3.00 or higher.
Unified Examination Certificate with a GPA of at least 75%; grades for relevant subjects must be 80% or higher.

Mexico
Bachiller + at least 1 year academic education at a university in Biology with above average grades.

Moldova
Diploma de bacalaureat, science (real) profile with a GPA 8.01/B or higher.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Mathematics must be taken in the final exams. Physics and Chemistry must be taken in the final year and may, but need not be examined.
GPA in the final year must be at least 9.01/10. Grades of all exam subjects must be at least 9.01/10.
Grades of all relevant subjects not in the final exam must be at least 9.01/10.

Morocco
Attestation du Baccalauréat + at least 1 year academic education in Biology.

New Zealand
NCEA Level 3 (NZQF level 3/EQF level 5), with sufficient credits from general level 3 subjects. 14 Credits Biology, (level 3), 14 Credits Chemistry (level 3), 14 Credits Physics, 14 credits Mathematics or Statistics and Probability

Norway
Vitnemål for Videregående Skole, General Studies specialisation Natural Science and Mathematics.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be taken in the final year (Vg3).
All grades in the final year and the final exams must be 4 or higher. Physics and Mathematics for natural sciences must be taken at least up until and including the penultimate year (Vg2) with a minimum grade of 4.

Pakistan
Bachelor of Science (pass) in Biology

Panama
Bachillerato + 1 year of academic education in Biology.
Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

Poland
świadectwo dojrzałości awarded by the Okręgowa Komisja Egzaminacyjna.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be taken in the Maturity exams on advanced level, minimum grades 50%.
Physics and Mathematics may (but need not) be taken in the Maturity exams. If they are taken in the Maturity exams, the minimum grade must be 50%. If not, then the minimum grade must be 4.
The GPA in the final year must be at least 4 out of 6, grades in the final year for relevant subjects must also be at least 4 out of 6.

Portugal
Diploma/Certificado/Certidão do ensino Secundário (ciências e tecnologías) + at least 1 year of academic education in Biology.

Romania
Diploma de Bacalaureat (with Liceul theoretic), Profil Real, specialisation Natural Sciences.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology must be taken in the National Baccalaureate Exam.
Overall GPA in year 11 and 12 must be at least 8 out of 10. Grades in the final year for specifically relevant subjects must be at least 9 out of 10. GPA of the examined subjects in the Bacalaureat must also be at least 9 out of 10.

Russia
Attestat o Srednem (Polnom) Obshchem Obrazovanii / Attestat Zrelosti (including Biology, Chemistry, Physics and Mathematics, the exact level will be individually assessed) + at least 1 year of academic education in Biology.
Silver and gold medals in relevant Olympiads on city, regional or national level, as well as high school grades, will be considered for admission purposes and may lead to exemption from the 1 year of academic education.

Serbia
Diploma o stecenom srednem obrazovanju or Diploma/Uverenje o položenom maturskom ispitu.
Mathematics must be in the Matura, Biology, Chemistry and Physics must be in the final year of high school.
All grades in the Matura and the final year of high school must be 4 or higher.

Singapore
Singapore-Cambridge GCE A-level in at least 3 H2 + 1 H1 content-based subjects + General Paper/Knowledge and Inquiry (5 different subjects in total).
H2 subjects must include Biology, Chemistry and Mathematics. Physics must have been taken at least as H3.
Grades for all H1 and H2 must be B or higher, grade for H3 (if any) must be “Distinction” or “Merit”. 
Admission Requirements

For the **Biology** bachelor programme (study year 2024-2025)

**Slovakia**

Vysvedčenie o maturitnej skúške (obtained at Gymnázium)

Relevant subjects: Biology, Chemistry, Mathematics and Physics.

Exam subjects: Slovak, English, Biology and Chemistry.

Biology and Chemistry must have a grade 1 or 2. Slovak and English could have a grade 1, 2 or 3, the total number of points for the four final exam subjects not exceeding 9.

Physics and Mathematics must be taken in the year before the final year, their grades must be 1 or 2.

**Slovenia**

Splošna Matura (obtained at a Gimnazia).

Relevant subjects: Biology, Chemistry, Mathematics and Physics.

Next to the three compulsory subjects (Slovenian/Hungarian/Italian, Mathematics and a foreign language) Biology and Chemistry must be the two elective subjects in the Matura. Physics must have been taken at least up to and including the middle years of secondary education with sufficient grades.

All grades in the Matura and the final year must be at least 4 out of 5 (or 8 out of 10).

**South Africa**

National Senior Certificate with 7 examination courses with an overall average result of 75% for five courses (not included Life Orientation and Mathematical Literacy)

+ 1 Independent Examination Board (IEB) Advanced Programme Certificate (Mathematics or English) with a result of at least 55%

Subjects in the National Senior Certificate must at least include Biology, Chemistry, Physics and Mathematics.

**South Korea**

A high school certificate from a Science High School (grades 80 and higher), which should include Biology, Chemistry, Mathematics and Physics. If the score is lower than 80, then CSAT is needed (160+ for each of the 3 obligatory subjects, 80+ for the elective subject “science”).

OR

General High School diploma plus having passed at least 1 year of university study in Biology.

**Spain**

Titulo de Bachiller, modality ciencias, plus a Selectividad certificate (EBAU).

Relevant subjects: Biology, Chemistry, Mathematics and Physics

Biology and Chemistry must be examined in the Selectividad.

Grades for the relevant subjects must be at least 6 in the Bachillerato as well as in the Selectividad.

PCE exams (Specific Competency Tests) instead of the Selectividad (EBAU) are also accepted for admission purposes. PCE: minimum of 4 subjects, including Biology, Chemistry, Mathematics

**Sweden**

Slutbetyg från Gymnasieskolan, Naturvetenskapsprogrammet/Natural Science Programme, at least including Biology, Chemistry, Physics and Mathematics.

On a grading scale from A-F (A is highest pass, E is lowest pass, F is fail), grades must be B or higher.
Admission Requirements
For the Biology bachelor programme (study year 2024-2025)

Taiwan
Senior High School Diploma + 1 year of academic education in Biology.

Turkey
Lise Diplomasi after 4 years of general secondary education.
Required relevant subjects: Biology, Chemistry, Mathematics and Physics. All these subjects must be taken in the natural science cluster.
Overall GPA in year 10, 11 and 12 must be at least 85 The grades for all relevant subjects in year 10, 11 and 12 must be at least 85 out of 100.

Ukraine
Svidotstvo pro zdobuttia povnoi zagalnoi serednoi osvity.
Required relevant subjects: Biology, Chemistry, Mathematics and Physics.
Grades for all relevant subjects must be between 10-12 (4th level/high).

United Kingdom
(International) General Certificate of Secondary Education (I)(GCSE) in 6 subjects or more, plus a(n) (International) General Certificate of Education (I)(GCE) with 3 (or more) subjects on advanced level (A-level).
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Biology and Chemistry must be (I)GCE A-levels.
Mathematics must be at least (I)GCE AS-level.
Physics must be at least a(n) (I)GCSE.
At least 6 (I)GCSE's, all AS-levels and 3 (I)GCE A-levels should have a grade B or higher. In the new grading system (1-9), all grades should be 6 and higher.
Non-academic subjects (such as: Art & Design, Music, Music Technology, Drama & Theatre Studies, Design & Technology, Food preparation & Nutrition, etc.) are not taken into account, and do not count towards the minimum number of subjects required for both (I)GCSE and (I)GCE A-levels.

United States
High School Diploma with 4 or more AP (Advanced Placement) Certificates, issued by the College Board.
Relevant subjects: Biology, Chemistry, Mathematics and Physics.
Compulsory AP certificates: Biology, Chemistry.
Physics (1 or 2), and Calculus (AB or BC) must be at least in the High School exam if not taken as an AP subject.
All AP certificates must have a minimum score of 3 out of 5.
High School GPA must be at least 3.5 out of 4.0, all relevant subjects in the High School exam must at least have a grade of 3.5 out of 4.0.
Non-academic courses in High School are not taken into consideration and will not count towards the GPA.

Vietnam
Bang Tot Nghiep Pho Thong Trung Hoc from a High School of the gifted.
Relevant subjects: Biology, Chemistry, Physics and Mathematics.
GPA in the final year of at least 8, grades for all relevant subjects must be at least 9.
