Paragraph 1. General provisions

Article 1. Purpose of the regulations

1. In these Pre-Master regulations (hereinafter: regulations) the current procedures and rights and obligations have been laid down for the Pre-Master- and bridging programmes of the Management Faculty of Radboud University Nijmegen.

Article 2. Scope of the regulations

1. The regulations apply for all students who are registered in the academic year 2021-2022 for the programme referred to in article 1.

Article 3. Definitions

1. The terms in these regulations that are also used in the Higher Education and Research Act (*Wet op het hoger onderwijs en wetenschappelijk onderzoek*; hereinafter to be referred to as 'the Act') have the same meaning as these terms have in the Act.
2. Notwithstanding the provisions in clause 1 of the present article, the following terms have the following meanings:
 - a. Specialisation: variant within the study programme.
 - b. Pre-Master's programme for university transfer students: an individually-tailored programme for university students who are taking or have completed an academic Bachelor's degree programme or an academic Master's degree programme that does not link up sufficiently with the intended programme and must therefore complete several subjects in which they are deficient.
 - c. Pre-Master's programme for HBO transfer students: a course of study that is taken during or after a relevant degree programme in Higher Professional Education (HBO) that gives students the opportunity to prepare for a specific Master's programme of the Faculty.
 - d. Bridging programme: a programme comprising a prescribed curriculum of courses from both an academic Bachelor's degree programme from outside the Faculty and courses from a Bachelor's degree programme within the Faculty that gives students the opportunity to prepare for a Master's degree programme of the Faculty.
 - e. Certificate: proof of the completion of the Pre-Master's programme that will be made available at the request of the student.
3. Where these regulations refer to 'the student', the prospective student is included, wherever relevant.

Article 4. Preparatory programmes

1. Students who are taking a Bachelor's or Master's degree programme at a university other than the programmes, or who have completed these programmes, can take a Pre-Master's programme for university transfer students to obtain admission to the Master's programme or specialization. When the Pre-Master's programme has been passed, students are granted admission to the corresponding Master's programme if they have also earned the degree certificate for a Bachelor's or Master's programme as referred to above.
2. Students who take part in a relevant study programme at a University of Applied Sciences (HBO), or have fully completed this study programme, can take a Pre-Master's programme for HBO transfer students provided that they comply with the requirements in clause 3, 4 and if applicable clause 5. When this Pre-Master's programme has been passed, it provides admission to the corresponding Master's programme or specialization, when the student has also obtained their HBO degree. The Examining Board of the corresponding degree programme determines which HBO degree programmes are relevant and formulates a regulation accordingly.
3. Students with a diploma from a fully completed, relevant HBO degree programme are admitted to one of the faculty Pre-Master's programmes for HBO transfer students if they have earned an unweighted average mark of at least 7.5 for the last two years of the HBO programme. To be admitted to one of the faculty Pre-Master's programmes for HBO transfer students, students with a diploma from a fully completed, relevant HBO degree programme who have earned an unweighted average mark of between 7.0 and 7.5 for the last two years of the HBO programme must submit a letter of motivation to the Examining Board. Based on the transcript and the letter of motivation, the Examining Board will decide whether or not they will be admitted.
Notwithstanding the above, students with a diploma from a fully completed, relevant HBO degree programme will be admitted to the Pre-Master's programme in Business Administration if they have a GMAT score of 600 or above.
4. Students participating in a Pre-Master that is taught in English must have sufficient command of the English language. This requirement has been satisfied when the student meets one of the following conditions: the student
 - a) has passed a three-year Bachelor's degree programme at a Dutch university, or
 - b) has passed a Master's or Bachelor's degree programme at a Dutch HBO institution, or
 - c) has passed a Bachelor's degree programme that is offered entirely in English in one of the Member States of the EU/EEA, Australia, Canada, New Zealand or the United States, or
 - d) is a citizen of Australia, Canada (except residents of Quebec), Ireland, New Zealand, United Kingdom or United States.
5. Students who do not meet one of the referred to in clause 4 conditions must:
 - a) have earned a TOEFL certificate (iBT) with a total score of at least 80, with subscores of not less than 20, or

- b) have earned an IELTS Academic certificate with a total score of at least 6.0, with subscores of not less than 6.0, or
 - c) have earned a Cambridge Certificate of Advanced English with a score of at least C, or
 - d) have earned a Cambridge Certificate of Proficiency in English with a score of at least C.
6. Other than those referred to in clause 5 certificates will not be accepted. The TOEFL and IELTS certificates must not be older than two years.
 7. No later than 31 August, it will be determined whether a student – on the beginning date of the academic year as determined by the administration of Radboud University – has met the requirements concerning admission to a Pre-Master's programme. Students who have not met these requirements at that point in time will not be admitted to the corresponding Pre-Master's programme, unless the Examining Board decides otherwise.
 8. Based on the conditions in the programme-specific part of these Regulations, students can enrol in the bridging programmes in Law and Management and Law and Economics. Students can enrol in the corresponding Master's degree programme after these programmes are successfully completed and after the Bachelor's degree programme in Dutch Law is completed and the course Recht, arbeid en management (Law, Labour and Management) is passed.
 9. The Pre-Master's programme and the bridging programmes are described in detail in the programme-specific part of these Regulations.
 10. Students who have passed a specific Pre-Master's programme for university transfer students receive at their request a certificate that provides admission to the subsequent Masters programme, on the condition that they have enrolled as a Pre-Master's student; otherwise they receive proof of admission to the subsequent Master's programme.
 11. Students who have passed the bridging programmes in Law and Management or Law and Economics (including the prerequisites of the Faculty of Law), receive at their request a certificate that provides admission to the subsequent Master's programme or Master's specialisation.
 12. Students who have successfully completed a specific Pre-Master's programme for HBO transfer students, and have earned the HBO final diploma, also receive at their request a certificate that provides admission to the subsequent Master's programme or Master's specialisation. Students who have passed a specific Pre-Master's programme for HBO transfer students, and have not yet earned the final HBO diploma, receive a certificate as proof of admission to the subsequent Master's programme or Master's specialisation in the first academic year after they have earned the final HBO diploma (if they have submitted a request for the certificate to the Examining Board).

Article 5. HBO Pre-Master's programme taken partially in advance

1. As part of a relevant HBO degree programme, students can take a maximum of five courses from the HBO Pre-Master's programme in advance. Whether this possibility exists, which courses it entails and whether there is a required sequence, are specified in the programme-specific part of these Regulations.
2. The following conditions apply to the HBO Pre-Master's programme that is taken in advance:
 - a) In the relevant HBO programme, students have earned at least 150 ECs (or equivalent) with an unweighted average mark of at least 7.5, or
 - b) In the relevant HBO programme, students have earned at least 150 ECs (or the equivalent) with an unweighted average mark between 7.0 and 7.5, and they submit a letter of motivation on the basis of which the Examining Board of the corresponding degree programme of the Faculty decides on their admission.
3. In addition, all students referred to in clause 1 must submit a declaration of consent from their HBO degree programme and a declaration of consent from the Examining Board of the corresponding degree programme of the Faculty.
4. After they earn their HBO diploma, based on the provisions in clauses 1-3, the students are directly admissible to the remaining portion of the Pre-Master's programme for HBO transfer students.

Article 6. HBO Pre-Master's programme taken entirely in advance

1. At certain HBO institutions, students in a relevant HBO study programme can take the entire HBO Pre-Master's programme during their HBO study; in these cases, the HBO Pre-Master's programme is taken entirely in advance. For each degree programme, the programme-specific part of these Regulations specifies these HBO institutions, the structure of the Pre-Master's programme and whether the courses must be taken in a specific sequence.
2. If an HBO Pre-Master's programme that is taken entirely in advance prepares students for certain Master's specialisations, then the programme-specific part of these Regulations specifies which HBO Pre-Master's programmes correspond with which Master's specialisations.
3. The conditions for admission to the HBO Pre-Master's programme that is taken entirely in advance are specified in the programme-specific part of these Regulations.
4. All students who want to take the HBO Pre-Master's programme entirely in advance, as referred to in clause 1, must also present a statement of consent from the HBO degree programme and a statement of consent from the Examining Board of the corresponding degree programme of the Faculty.
5. After they earn their HBO diploma, and meet all requirements of the HBO Pre-Master's programme, students are directly admissible to the Master's programme or specialization based on the provisions in clauses 1-4.

Article 7. Safety net scheme and hardship clause

1. In cases not covered by these regulations, or insufficiently covered by these regulations, the dean decides.
2. In individual cases and on the basis of exceptional circumstances, the Examining Board is authorised to make a decision that deviates from these Regulations. This decision must not limit the rights of the student as set down in these Regulations.
3. In the event these regulations differ from those in the applicable statutory stipulations, the provisions in the Act prevail.

Article 8. Adoption, employee participation and amendments

1. These regulations are laid down or amended by the dean, after the programme committee (*opleidingscommissie*) has delivered its opinion on them and after the faculty joint assembly (*facultaire gemeenschappelijke vergadering*) has consented to them.
2. Amendments to these regulations do not take effect in the current academic year, unless the interests of the student are not disproportionately compromised by it.

Article 9. Implementation

1. These regulations enter into effect on 1 September 2021.
2. The education and examination regulations laid down previously cease to have effect as from that date.

Article 9b. Transitional arrangement

1. Students are entitled to a transitional arrangement if a unit of study is no longer offered.
2. The transitional arrangement for a unit of study that is no longer offered includes in any case at least two opportunities to resit the corresponding interim examination and possibly the option of taking a substitute unit to replace the unit of study that is no longer offered, also with two opportunities to resit the corresponding interim examination. For each academic year, students may participate in a maximum of two of the possible four opportunities to resit an interim examination that arise from such a transitional arrangement.

Article 10. Publication

1. The dean is responsible for the appropriate publication of these regulations and of any amendments of them.
2. Any interested party is entitled to inspect a copy of these regulations at the Student Information Point (STIP) of the faculty.
3. The regulations will be published in both Dutch and English. In case of a conflict between the two versions, the Dutch version takes precedence.

Article 11. Evaluation

The dean ensures that these regulations are evaluated on a regular basis.

These regulations were adopted by the dean on behalf of the board on 31 August 2021

Paragraph 2. Pre-Master's programme for the Master in Business Administration & Bridging programme Law and Management

Article 12. Pre-Master's programme for university transfer students

Article 26. **Special provisions concerning Pre-Master's programmes for university transfer students**

1. Before they can enter the Master's programme, students who are enrolled at a Dutch university (including Radboud University) in a Bachelor's or Master's academic degree programme other than Economics and Business Economics must take at least one Pre-Master's programme for university transfer students as referred to in Article 4 clause 1. Depending on their specific preparatory education, the Examining Board can determine that a number of deficiencies must first be eliminated prior to admission to the Pre-Master's programme. The Examining Board can also require an Examiner to test the students before they enter the Pre-Master's programme to determine whether they have sufficient proficiency in mathematics.
2. Students in the Bachelor's degree programme in Business Administration who have successfully completed the specialisation in Business Economics, and who want to enrol in the Master's degree programme in Economics, must first complete a Pre-Master's programme. But they only have to take the courses that are missing in their Bachelor's degree programme. Students with a Bachelor's degree in Business Administration who have successfully completed the specialisation in Business Economics can be admitted without conditions to the Master's programme in Economics, Master's specialisation in Accounting & Control. Students in the Bachelor's degree programme in Business Administration who have successfully completed the Business Economics specialisation and who want to enrol in the Master's degree programme in Economics or the specialisation in Corporate Finance & Control must first complete two courses from the Pre-Master's programme for the specialisation in Corporate Finance & Control: History of Economics and Investment Management.
3. Students in the Bachelor's degree programme in International Business Administration or the Bachelor's degree programme in Business Administration who have successfully completed the specialisation in Business Administration, and who want to enrol in the Master's degree programme in Economics, must first complete a Pre-Master's programme. But they only have to take the courses that are missing in their Bachelor's degree programme.

Article 27. Special provisions concerning Pre-Master's programmes for HBO transfer students

1. Students with a relevant HBO Bachelor's degree certificate will be admitted to the Pre-Master's programme according to the criteria in Article 4 clause 2.
2. Based on the competency referred to in Article 4 clause 2, the Examination Board of Economics has specified which degree programmes are relevant. If necessary, the Examining Board can require an Examiner to test the students before they enter the Pre-Master's programme to determine whether they have sufficient proficiency in mathematics.
